Protective Safeguard Endorsement applies to Fire Sprinkler System.

Failure to maintain the protective safeguards in good working order or failure to notify the insurer of even a temporary impairment in protection suspends coverage until the protection is restored.

Standard Property insurance does not include Flood, Earthquake or Earth Movement coverage.

Ordinance or Law Coverage Explanation

In the event of covered damage to a building, the owner may have three ordinance/law-related exposures not covered by the usual commercial property form:

Coverage A: Coverage for loss to the undamaged portion of the building

- If the loss is only PARTIAL but the remaining part of the building must be demolished, this covers the value of the undamaged portion. Coverage A is usually included within the limit of insurance showing in the declaration as applicable to the covered building property. Coverage A does not increase the limit of insurance and it does not cover cost to demolish.

Coverage B: Coverage for demolition cost

- If the loss is only PARTIAL but the remaining part of the building must be demolished, this covers the cost to demolish the undamaged portion. This coverage will pay the cost to demolish and clear the site of undamaged parts of the property caused by enforcement of building, zoning or land use, and ordinance or law.

Coverage C: Coverage for the increased cost of construction

- This coverage will pay for the increased cost to repair, reconstruct or remodel damage or undamaged portions of the building when the increased cost is the consequence of building, zoning or land use laws.

Commercial Umbrella Liability, also known as Excess, provides coverage in addition to the limits of an insured's General Liability, Automobile Liability, Directors and Officers, and Employers Liability (underlying or primary) policies. Umbrellas also protect against exclusions and gaps in the primary policies that serve as underlying insurance. Covered losses that are not included in primary policies are subject to a self-insured retention (SIR) which is similar to a deductible.

Damages arising out of Construction are excluded. This does not apply to operations, maintenance, or non-structural interior modifications. Construction means any construction, remodeling, upgrades, landscaping or repairs performed, or products installed into or on real property, including structures, common areas, streets, or utilities. We recommend that the Association make sure that contractors have appropriate insurance when doing any type of work for the Association.

DISCLOSURE FORM - CLAIMS-MADE POLICY IMPORTANT NOTICE TO POLICYHOLDER

THIS DISCLOSURE FORM IS NOT YOUR POLICY. IT DESCRIBES SOME OF THE MAJOR FEATURES OF OUR CLAIMS-MADE POLICY FORM. READ YOUR POLICY CAREFULLY TO DETERMINE RIGHTS, DUTIES, AND WHAT IS AND IS NOT COVERED. ONLY THE PROVISIONS OF YOUR POLICY DETERMINE THE SCOPE OF YOUR INSURANCE PROTECTION.

DEFINITIONS

1. "Claims-made coverage" means an insurance policy that provides coverage only if a claim is made during the policy period or any applicable extended reporting period. A claim made during the policy period could be charged against a claims-made policy even if the injury or loss occurred many years prior to the policy period. If a claims-made policy has a retroactive date, an occurrence prior to that date is not covered.
2. "Extended reporting period" means a period allowing for making claims after expiration of a claims-made policy. This is also known as a "tail".
3. "Occurrence coverage" means an insurance policy that provides liability coverage only for injury or damage that occurs during the policy term, regardless of when claim is actually made. A claim made in the current policy year could be charged against a prior policy year, or may not be covered, if it arises from an occurrence prior to the effective date.
4. "Retroactive date" means the date on a claims-made policy which denotes the commencement date of coverage under the policy.

YOUR POLICY

Your policy is a claims-made policy. It provides coverage only for injury or damage, occurring after the policy retroactive date (if any) shown on your policy and the incident is reported to your insurer prior to the end of the policy period. Upon termination of your claims-made policy an extended reporting period option may be available at the company's discretion.

There is no difference in the kinds of injury and damage covered by occurrence or claims-made policies. Claims for damages may be assigned to different policy periods, however, depending on which type of policy you have.

If you make a claim under your claims-made policy, the claim must be a demand for damages by an injured party. Your policy contains specific reporting requirements. Under most circumstances, a claim is considered made when it is received and recorded by you or by us. Sometimes a claim may be deemed made at an earlier time. This can happen when another claim for the same injury or damage has already been made, or when the claim is received and recorded during an extended reporting period.

PRINCIPAL BENEFITS

This policy provides coverage for Directors & Officers Liability up to the maximum dollar limit specified in the policy.

The principal benefits and coverages are explained in detail in your claims-made policy. Please read it carefully and consult your insurance producer about any questions you might have.

EXCEPTIONS, REDUCTION AND LIMITATIONS

Your claims-made policy contains certain exceptions, reductions and limitations. Please read them carefully and consult your insurance producer about any questions you might have.

RENEWALS AND EXTENDED REPORTING PERIODS

Your claims-made policy has some unique features relating to renewal, extended reporting periods and coverage for events with long periods of exposure. If there is a retroactive date in your policy, no event or occurrence prior to that date will be covered under the policy even if reported during the policy period. It is therefore important for you to be certain that there are no gaps in your insurance coverage. These gaps can occur in several ways. Among the most common are:

1. If you switch from an occurrence policy to a claims-made policy, the retroactive date in your claims-made policy should be no later than the expiration date of the occurrence policy.
2. When replacing a claims-made policy with a claims-made policy, you should consider the following:
 - a. The retroactive date in the replacement policy should extend far enough back in time to cover any events with long periods of liability exposure, or
 - b. If the retroactive date in the replacement policy does not extend far enough back in time to cover events with long periods of liability exposure, you should consider purchasing extended reporting period coverage under the old claims-made policy.
3. If you replace this claims-made policy with an occurrence policy, you may not have insurance coverage for a claim arising during the period of claims-made coverage unless you have purchased an extended reporting period under the claims-made policy

Extended reporting period coverage may be offered to you for at least one year after the expiration of the claims-made policy at a premium not to exceed 200% of your last policy premium.

CAREFULLY REVIEW YOUR POLICY REGARDING THE AVAILABLE EXTENDED REPORTING PERIOD COVERAGE, INCLUDING THE LENGTH OF COVERAGE, THE PRICE AND THE TIME PERIOD DURING WHICH YOU MUST PURCHASE OR ACCEPT ANY OFFER FOR EXTENDED REPORTING PERIOD COVERAGE.

WORKERS COMPENSATION

But, We Don't Have Any Employees!

In addition to your association master policy, we have included a Workers Compensation and Employers Liability quotation. This insurance would cover Colorado mandated medical and income benefits for employees who become injured or sick as a consequence of their employment. The estimated annual premium for this one year policy is \$300 to \$500. This is the minimum premium and is based on your having no employees as of the policy commencement date. Unless you have employees during the policy period, it will be your final, total premium.

Even though you have no employees, currently, and do not anticipate hiring any, you still need this important coverage. Here are the two principal reasons for that and the answers to frequently asked questions.

Reason #1: Employees of Independent Contractors

- **Isn't the contractor responsible for its own employees?** Normally, independent contractors with employees are required, by State law, to maintain Workers Compensation insurance. However, when a contractor fails to maintain the required insurance, a sick or injured employee may -- and often does -- recover direct from the association...even though he or she is not an association employee.
- **Doesn't a certificate of insurance protect us?** Obtaining a certificate of insurance from each contractor, indicating the existence of Workers Compensation insurance, is a sound measure. However, all it means is that the required coverage is in force on a particular date. It provides no guarantee that coverage will remain in force.
- **If coverage lapses, doesn't the contractor's insurer notify us?** Most certificates of insurance impose a "best efforts" or "reasonable efforts" standard on the insurer regarding the notification of certificate holders. This does not guarantee timely notification.
- **Isn't a hold-harmless agreement from the contractor effective?** Obtaining a properly drafted, enforceable hold-harmless agreement from each contractor can be an effective measure and one we recommend. Under this type of agreement, the contractor guarantees to insulate your association from liability for the injuries and illnesses of its employees. However, an agreement is only as good as the contractor's solvency. If the contractor is not financially up to its legal obligations, its agreements are worthless.
- **Can a contractor drop its insurance and rely on ours?** Anyone who is legally required to maintain Workers Compensation insurance, and fails to do so, is subject to the fines and other penalties prescribed by the District of Columbia Workers Compensation statute. These penalties are intended to be far more burdensome than simple compliance. A prudent and financially sound contractor is unlikely to risk noncompliance. However, financial distress and simple oversight are frequent causes of noncompliance. Even many contractors who are insured attempt to treat some of their employees as independent contractors. This common practice, intended to save on Workers Compensation insurance costs, is virtually impossible for you to detect.

Reason #2: Part-time, Casual, Seasonal and Unanticipated Employees

- **Are all employees covered by Workers Compensation?** The *State of Colorado* Workers Compensation statute determines the scope and application of its benefits. This is usually based on some combination of number of employees, number of hours an employee works each week and types or categories of employment. Each State's statute is unique and only an examination of your statute can provide this information.
- **Is it possible to have an employee and not know it?** A person performing services for you may or may not be an employee for Workers Compensation purposes. What appears to be an independent contractor relationship -- and which may indeed be one for all other purposes -- could be an employment relationship where Workers Compensation is concerned. Aside from any other considerations, courts and Workers Compensation commissions lean toward an employment relationship whenever the person in question is otherwise uninsured.
- **Who can tell us when we need Workers Compensation?** Your insurance or legal advisor can help you with your Workers Compensation requirements. The chief source of information is District of Columbia's Workers Compensation statute. In addition to a plain reading of the statute, there is undoubtedly case law, which has provided interpretations of the statute when necessary.

The only certainty of full compliance with Workers Compensation requirements and the protection of your community's financial resources is this inexpensive coverage. Without it, some degree of unnecessary risk persists. With it, you avoid a potentially severe loss, a possible assessment needed to pay it and the punitive aspects of noncompliance.

NOTICE OF TERRORISM INSURANCE COVERAGE**

You are hereby notified that under the Terrorism Risk Insurance Act (the Act), as amended, that you have a right to purchase insurance coverage for losses resulting from acts of terrorism, as defined in Section 102(1) of the Act: The term "act of terrorism" means any act or acts that are certified by the Secretary of the Treasury, in consultation with the Secretary of Homeland Security, and the Attorney General of the United States - to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of an air carrier or vessel or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

YOU SHOULD KNOW THAT WHERE COVERAGE IS PROVIDED BY THIS POLICY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM, SUCH LOSSES MAY BE PARTIALLY REIMBURSED BY THE UNITED STATES GOVERNMENT UNDER A FORMULA ESTABLISHED BY FEDERAL LAW. HOWEVER, YOUR POLICY MAY CONTAIN OTHER EXCLUSIONS WHICH MIGHT AFFECT YOUR COVERAGE, SUCH AS AN EXCLUSION FOR NUCLEAR EVENTS. UNDER THE FORMULA, THE UNITED STATES GOVERNMENT GENERALLY REIMBURSES 85% THROUGH 2015; 84% BEGINNING ON JANUARY 1, 2016; 83% BEGINNING ON JANUARY 1, 2017; 82% BEGINNING ON JANUARY 1, 2018; 81% BEGINNING ON JANUARY 1, 2019 AND 80% BEGINNING ON JANUARY 1, 2020 OF COVERED TERRORISM LOSSES EXCEEDING THE STATUTORILY ESTABLISHED DEDUCTIBLE PAID BY THE INSURANCE COMPANY PROVIDING THE COVERAGE. THE PREMIUM TO BE CHARGED FOR THIS COVERAGE IS PROVIDED BELOW AND DOES NOT INCLUDE ANY CHARGES FOR THE PORTION OF LOSS THAT MAY BE COVERED BY THE FEDERAL GOVERNMENT UNDER THE ACT.

YOU SHOULD ALSO KNOW THAT THE TERRORISM RISK INSURANCE ACT, AS AMENDED, CONTAINS A \$100 BILLION CAP THAT LIMITS U.S. GOVERNMENT REIMBURSEMENT AS WELL AS INSURERS' LIABILITY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM WHEN THE AMOUNT OF SUCH LOSSES IN ANY ONE CALENDAR YEAR EXCEEDS \$100 BILLION. IF THE AGGREGATE INSURED LOSSES FOR ALL INSURERS EXCEED \$100 BILLION, YOUR COVERAGE MAY BE REDUCED.

SELECTION OR REJECTION OF TERRORISM INSURANCE COVERAGE

The prospective premium required for your terrorism coverage is \$246.
If you wish to reject this offer of coverage, you should check the box below, sign this notice and send it to your agent. An **exclusion** of terrorism losses, as defined by the Act, will then be made part of your policy.

<input checked="" type="checkbox"/>	I hereby reject the offer of terrorism coverage. I understand that I will have no coverage for losses arising from acts of terrorism, as defined in the act.
-------------------------------------	--

If your policy includes Inland Marine Coverage in one or more of these states: CA, ME, MO, OR, or WI, the following statement applies:

The terrorism exclusion makes an exception for (and thereby continues your coverage for) direct property damage fire losses resulting from an act of terrorism. Therefore, if you reject the offer of terrorism coverage, that rejection does not apply to direct property damage fire losses resulting from an act of terrorism - the coverage in your policy for such fire losses will continue. If such a loss occurs, and is certified under the Act, the loss will be reimbursed by the United States under the formula detailed above.

The portion of your Inland Marine policy premium attributable to coverage for direct property damage from fire resulting from terrorism in these states is \$148. This amount is included in your policy premium and cannot be rejected.
